MAXIMIZING YOUR SOFTWARE INVESTMENT

Overview – Past, Present and Future

A. History – 1982 to present – over 30 years of involvement in the funeral industry

B. Who Uses TerraPro?

C. Future of TerraPro

What Does TerraPro NOT Do?

Not much...

It doesn't write checks, pay employees, or do your income taxes.

It doesn't create DVD tribute videos.

What Does TerraPro Do?

Frankly, a lot!

Over our 30 year history, nearly every suggestion for additions and improvements from you, the funeral director, has been added to the program.

These features extend the basics – collecting data and printing it on forms and memorial merchandise – into time-saving tasks that help you serve your families with efficiency and speed.

PROFESSIONAL FUNERAL HOME SOFTWARE

The Cloud

We're Partly Cloudy...

Access from Other Branches

Three Solutions:

Good: Peer to Peer Network with Remote Software such as GoToMyPC or LogMeIn

Better: In House Server with Microsoft's Remote Desktop

Best: - Cloud Server with Microsoft's Remote Desktop

What are the differences?

Peer to Peer is slower and “bumps” a user off if accessed remotely.

In House Server is expensive investment and will need regular maintenance.

Cloud Server is leased and is always up to date with latest Microsoft Updates

Installation Time Frame

Typically, we can install the software and have you up and running within 3 days. This can be done on site or using remote control software (LogMeIn)

Installation is included in the pricing, and **so is setting up your price list and default contracts.**

We are **available for questions throughout the process** and **for as long as you use the software.**

The only time we charge you is for new forms over six, or after one year. We also provide computer support (networking, new computer setup, computer tune-up, help with Microsoft Office, QuickBooks and other software). This is done at \$85 per hour, billable in 15 minute increments.

You may purchase a support contract for work described in the above paragraph for \$500 per year (covers 10 hours of work at the reduced rate of \$50 per hour)
